

Water Treadmill

The full featured Badu[®] Jet offers suction and discharge in a unique, patented, one-piece dual nozzle housing. Volume control and on/off button are conveniently located on the face of the jet housing.

features

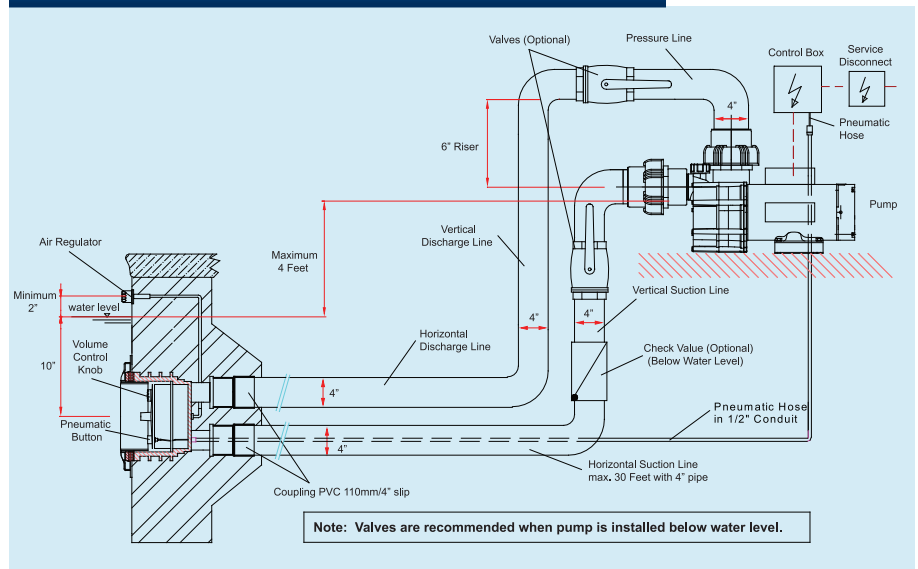

- A.** Flush mounted, plastic housing, 16" diameter.
- B.** Rectangular anti-entrapment cover provides undetectable suction (20" x 17").
- C.** Adjustable recessed jet nozzles.
- D.** Volume control knob adjusts flow of water.
- E.** Pneumatic on/off button guarantees complete separation between pool water and pump motor control.
- F.** Air regulator adjusts amount of air bubbles in water flow. (black cover available)
- G.** Tubing for pneumatic button, 50ft. (not shown)
- H.** Control box with GFCI.
- I.** Speck 4 HP self-priming, plastic pump. UL Listed, single phase with thermal overload (no motor starter required).
- J.** Massage Hose with pulsator may be attached to jet nozzle.

All Badu[®] SwimJet Systems are VGB compliant and carry UL, MET and ASME approvals.
