POOL BLASTER® SPA VAC

Isn't it time to make sure your Spa or Hot Tub is *Pool Blaster Clean*?

The New Pool Blaster SpaVac offers owners the opportunity to microfilter the water in their spa or hot tub while removing even the smallest dirt and debris. Designed with the consumer in mind, the Pool Blaster Spa Vac traps dirt better than any other Spa Vacuum on the market. Other Spa Vacs let the dirt right back into the spa when they are stopped. Our patented design has a valve that stops the return of any debris as soon as it is sucked in.

And, you don't have to pull a difficult plunger or take your finger off a hole, as with other spa vacuums, to make the Pool Blaster SpaVac work.

The Pool Blaster SpaVac is simple, lightweight and easy to use. The complete kit comes with a sectional pool pole for easier, more convenient "extended reach" cleaning.

Precision designed by Water Tech the original inventors of Battery Powered Pool Cleaners. The Pool Blaster SpaVac is designed and tested to have the longest battery run time of all Alkaline battery powered Spa cleaners and this adds up to significant savings.

Features & Specifications

Power Rating	50
Cleaning Coverage	324 Sq. Ft. Hr.
Battery	3 C-cell Batteries
Run Time	1.5 hours (multiple cleanings)
Vacuum Head Width	3.5"
Crevice Nozzle	Integrated into Nose Cap
Warranty	1 year

Unit Size	15.125" x 3.125" x 3.5"
Unit Weight	0.70 lbs.
Package Weight	1.65 lbs.
Package DIMs	16" x 5.0" x 4.375"
Units per Master Case	6
Master Case Weight	9.95 lbs.
Master Case DIMs	18" x 16.5" x 10.5"
