Specifications	
Dimension	Size (inches)
A	Width

Notes:

1. Covers are made to the nearest inch, so round up when listing measurements.
2. It is recommended to oversize covers by 1/2" on the overall width to allow the skirt to hang straight over the side of the spa lip.
3. For best results measure the spa instead of old cover.

I authorize H2Oco. Inc. to order this Cover. I also Agree to purchase the cover specified above. I understand that there is no return on special order covers and this order may not be cancelled for any reason. Cover specifications were provided by the Spa Owner. Owner assumes responsibility for cover specifications.
