

JandyColors™
**Digital Color
 Blending
 Pool & Spa Lights**

***A Palette of Watercolors
 For Your Backyard Paradise***

Discover what the addition of color can do for your backyard with JandyColors™ digital blending pool and spa lights. So much more than just a white light, JandyColors bring bright, vibrant color to your pool and spa, illuminating and beautifying your backyard while it entertains your family and dazzles your guests. Add a whole new dimension to your pool and spa that can only be achieved with colored lights — illuminate the evening and set the mood with JandyColors pool and spa lights.

TRANSFORM YOUR BACKYARD

Colored lights transform your backyard landscape into an incredible oasis. The blues will remind you of the deep rich colors of the Caribbean, greens will transport you to the lush jungles of the tropics.

DIGITAL COLOR BLENDING

Digitally blended lights offer beautifully smooth transitions between vibrant watercolors. Digital blending means no color wheel and no moving parts that could wear out and break.

VIBRANT QUARTZ HALOGEN COLOR

Three vibrant primary colors and a bright white make the basis for the digital color blending. Combinations of blue, magenta and green cast a wide spectrum of hues with a deep saturation of colors.

ADVANCED CONTROL WITH AQUALINK RS

Take matters into your own hands and select your favorite colors with the exclusive control of the Aqualink RS Control System. Easily select the exact color you desire, or transition through the colors for a dramatic light show.

Add The Finishing Touch to Your Pool & Spa

JandyColors™ Digital Color Blending Lights bring a palette of watercolors to your backyard paradise. The addition of pool and spa color will dramatically change the look and feel of any backyard landscape, evoking memories of far-off beaches or a lush tropical island.

JandyColors™
Digital Color Blending Lights

ADD COLOR TO YOUR WORLD

JandyColors high grade, quartz halogen bulbs provide the finest and brightest colors for your pool and spa. Our unique color lens design saturates your pool and spa with five vibrant, primary colors such as Cobalt Blue and Emerald Green

as well as five blended watercolors like Caribbean Blue and Violet. Whether swimming or just lighting up the night, you'll enjoy an endless display of brilliant color beyond compare.

CAREFREE DESIGN

Utilizing the latest technology, JandyColors provide advanced, digital color transitions without internal moving parts or motors that can wear out. The standard 3 wire design easily installs into any new or existing pool or spa niche.

The light has a longer bulb life than other light brands with up to 16,000 hours of full spectrum color.

ONETOUCH CONVENIENCE

Conveniently operated with a touch of a button, the JandyColors Light is easily controlled through a light switch or your AquaLink® RS system. From the indoor control panel you can synchronize your pool and spa lights to create the perfect mood by choosing any color you desire. Can't decide?

Let the JandyColors Light seamlessly transition through the spectrum of watercolors, bringing continuous, changing color to any evening.

Experience what the addition of colored light can do to your backyard paradise. Color your world with JandyColors.
